

Fundraising Efforts and Operation RoundUp®

Round up for our community.

The Powder River Energy Foundation has two primary sources of funding. One is through charitable events held to raise capital, and the other is through a program called Operation RoundUp®. When members sign up for the program, PRECorp rounds up their electric bill to the next dollar. The average donation is 50 cents per month. That small change helps people who need it most.

If just 50 percent or 14,000 of PRECorp's accounts participated in Operation RoundUp®, the donation to the Powder River Energy Foundation would be nearly \$90,000 per year!

If you are a member and are interested in signing up for the Operation RoundUp® program, fill out the form below and return to any PRECorp business office. That's all it takes to make a difference in Northeast Wyoming.

Operation Round Up®

- Enroll all my accounts in Operation RoundUp®
- Enroll one of my accounts in Operation RoundUp®
- Enroll specified number of my accounts in Operation RoundUp® _____
- I'd like to make a one time donation of _____

Name: _____

Signature: _____

Mission Statement:

The mission of the Powder River Energy Foundation is to demonstrate our commitment to individuals and non-profit or charitable organizations in Northeast Wyoming by lending a helping hand that will improve their quality of life or serve their community.

Through its affiliation with the Powder River Energy Foundation, Powder River Energy Corporation is enhancing its commitment to Northeast Wyoming.

A Helping Hand for Northeast Wyoming

*Giving back
to our communities*

Who We Are

Here at Powder River Energy Corporation, we care about the same things you do: strong schools, an enriching civic culture, a solid economy, and safe, friendly neighborhoods. Our employees not only work in the communities we serve, but they also live in those communities.

From its beginning in 1945 through today, this member-owned electric cooperative has teamed up with businesses, schools and organizations throughout the area to strengthen and enhance our communities. We work hard to achieve a better quality of life for the people of Northeast Wyoming.

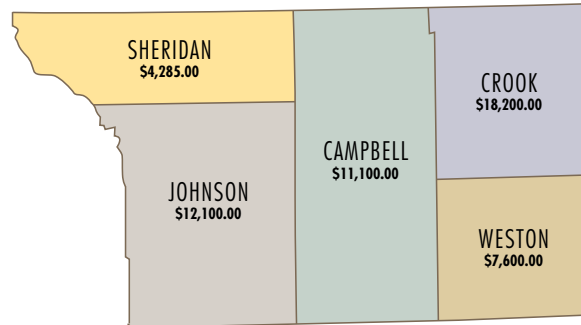

The PRECorp Foundation Story

With this spirit in mind, the Powder River Energy Foundation was created in 2007 to act as the philanthropic arm of PRECorp. The specific mission of the Foundation is to focus on the charitable needs of the citizens and communities in our service territory and, more specifically, the member/owners who we serve.

Today, the Foundation is governed by an independent, voluntary Board of Directors who represent each county in the PRECorp service area. Although appointed by the PRECorp Board of Directors, the Foundation Board governs over the operation of the Foundation and sets the framework for Foundation's active role in helping charities. These board members are just like you, members of the community, they volunteer their time and many hours to support the Foundation and their communities.

Since its inception, the Foundation has donated thousands of dollars back to our communities. The Foundation's goal is simple: to provide financial and philanthropic support to organizations and causes

that have a direct impact in our local communities. The impact of these donations will be felt by the member/owners of PRECorp and the hard-working people of Northeast Wyoming.

Foundation Funds have been used to:

- Provide support for critical disaster relief services
- Send high school students to Washington D.C. to learn about the importance of participating in the democratic and political process
- Enhance services for at-risk children and families
- Invest in an early literacy program for preschool children
- Restore historically important and relevant community buildings
- Provide shelving units for winter clothes, computers and printers at a local day care center
- Provide materials and travel expenses to a local elementary school creative learning competitive program

This is just a sample of the projects that benefit from the Foundation's support. These projects touch people from all age groups and all walks of life.

The Foundation has invested in an early literacy program for preschool children.

The Foundation has supported the creation of a public park at a historic ranch.
